

LOGIN PROCEDURE BEAUTÉ RESEARCH WEB SITE

WHY A SPECIAL LOGIN PROCEDURE?

The Beauté Research web site contains proprietary information supplied by participating brands with the clear understanding that this information will be shared only with other participating brands. It is incumbent on the Beauté Research Company to take all precautions to prevent non authorized access to the data.

The web site itself contains a number of features that monitor eventually suspicious use of the data and prevent massive download.

A special two step login procedure is being implemented to restrict even more the possibility of unlawful access to the data.

A TWO STEPS LOGIN PROCEDURE

You are used to step 1: enter **Identifier** (your email address) and **Password** (sent to you by the system)

After Step 1, the system will email you an **Authorization key** which you will then enter to complete the login procedure.

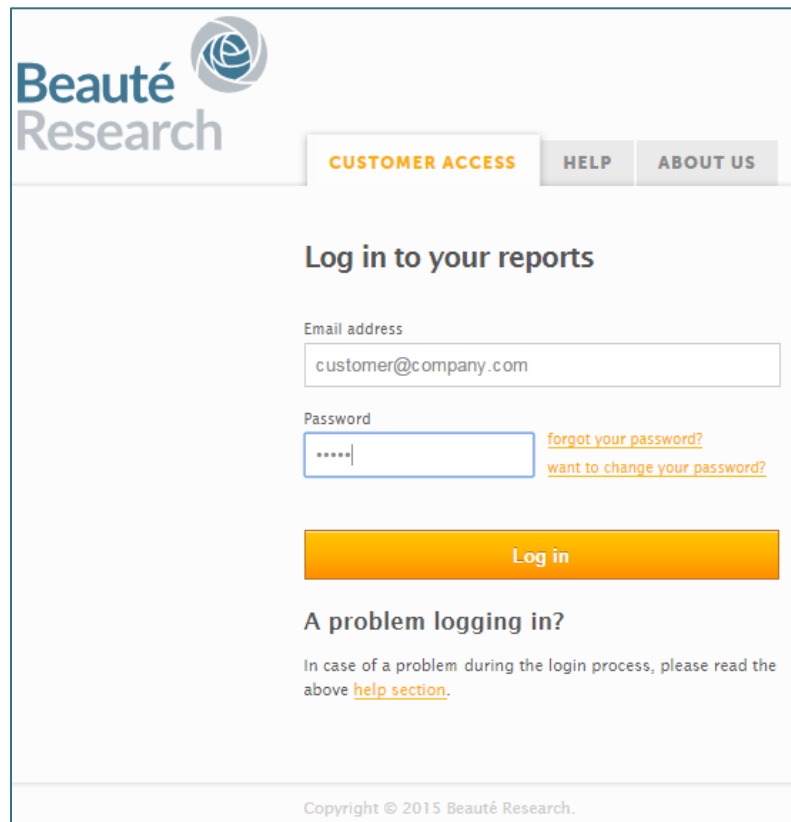

This process is simple and robust. The key will be valid for 6 hours after which time; you will need a new one to access the system again.
